Parental Consent – Photos

Digital Learning is an integral part of your child's education and we regularly use digital media to video or photograph the children's learning experiences. These images may be used in our school's prospectus and other printed material, on our website as well as on social media sites such as Facebook, Twitter and class blogs. Images will not identify your child by their full name and will be used in conjunction with our E-Safety policy.

From time to time, our school may be visited by the media who will take photographs or film footage of events. Pupils will often appear in these images, which may appear in local or national newspapers, or in televised news programmes or on social media sites.

To comply with the Data Protection Act, we need your permission before we can photograph or make any recordings of your child.
